Employee Evaluation Form									
Date:	05-Oct-2026	**Reviewer:**		**Period: 1-Jul-2026 to 30-Sep-2026**					
Employee Info									
Employee Name	Sidharth K	**Department**		Development					
Designation	App Developer	**Last Review Date**		30-Jun-2026					
	Employee Self Evaluation				**Supervisor Evaluation**				
Competency	**Score (Out of 100)**	**Comments**	**Weightage**	**Weightage Score**	**Score (Out of 100)**	**Comments**	**Weightage**	**Weightage Score**
Technical & Functional Knowl	90	Strong hands-on knowledge of app development; applied it to deliver features and support teammates.	15	13.5			15	0.0
Task Management	100	Planned and prioritised assigned tasks and delivered them on or ahead of agreed timelines.	15	15.0			15	0.0
Problem Solving	90	Analysed issues to their root cause and resolved bugs effectively; still building depth on complex cases.	10	9.0			10	0.0
Communication	100	Kept the team and management updated regularly on progress, blockers and timelines.	15	15.0			15	0.0
Quality & Process Adherence	90	Followed coding standards, reviews and testing practices; continuing to strengthen test coverage.	10	9.0			10	0.0
Accountability & Integrity	85	Took ownership of my deliverables; working on raising risks and dependencies earlier.	10	8.5			10	0.0
As a Team Member	100	Collaborated well, helped teammates when needed and shared knowledge within the team.	10	10.0			10	0.0
Independent Work	90	Handled assigned modules independently with minimal supervision.	10	9.0			10	0.0
Attendance	100	Maintained full attendance and punctuality throughout the review period.	5	5.0			5	0.0
Total			**100**	**94.0**	**0**	**0**	**100**	**0.0**
About your Strengths								
- Solid technical and functional knowledge in app development, which helps me deliver features quickly.								

- Good task planning and time management; I consistently meet delivery timelines.
- Clear communication with the team and management, and a cooperative team player.
- Quick learner who adapts to new tools, technologies and requirements.

About your Weakness

- I sometimes spend extra time perfecting a task instead of escalating early when blocked.
- Need to further strengthen automated testing and documentation practices.
- Working on raising risks and dependencies earlier in the development cycle.

About your Future Plan

- Deepen expertise in app architecture, performance optimisation and security best practices.
- Improve unit/integration test coverage and code quality across my modules.
- Take on more ownership of end-to-end features and mentor junior team members.
- Learn new technologies relevant to the team's roadmap and contribute to process improvements.

About your Experience in JBM

My experience at JBM during this period has been positive and rewarding. I have had the opportunity to work on meaningful projects, learn from experienced colleagues and grow both technically and professionally. The team is supportive and the work environment encourages learning and ownership.

Did you encounter any problems in your current position? If yes, please briefly

No major problems. Occasionally there were changes in requirements or dependencies on other teams that affected timelines; these were resolved through timely communication and coordination with the team.

What did you enjoy most about your employment with Us during this period?

I most enjoyed solving challenging technical problems, seeing features I built go live, and the collaborative atmosphere within the team, which made learning and delivering work enjoyable.

Please add any additional comments:

I am thankful for the guidance and support I received during this period, and I look forward to taking on more responsibilities and contributing further to the team's goals.

About your Supervsior:

My supervisor has been approachable, supportive and clear in setting expectations. Their guidance and timely feedback have helped me improve my work and grow professionally.

Supervisor Comments:
